JANICE

Part 1. Getting to Know You.

If you're familiar with the sex shops of London's West End, chances are you may recognise these two rather naughty young ladies. Janice and Yvette work at Loveways, just off Oxford Circus, and business just lately has been somewhat... slack. And our anti-heroines are so bored. They're read it all, the books and the latest magazines. They've even tried the latest sex gadgets – in the back room during coffee breaks. They haven't even had any nice looking customers in the shop lately – just the usual bunch of lecherous, middle-aged... "Excuse me girls. Is either of you two called Janice? My mate Tony Harris said to look you up next time I was in Town. The name's Bob. Bob Humphries."

YVETTE

Bob Humphries! The name made Janice tremble with excitement. Yes, Tony had talked about Bob several times. They'd been good mates in the Merchant Navy together. But one thing in particular stuck in her mind: he was, according to Tony, bung like a horse... "Christ! You don't waste much time, do you?"

Hung like a horse or not, the guy was clearly pussy crazy. "Hey! Suppose a customer walks in? You can't just walk in here on somebody's recommendation and start sucking my cunt! Besides, it's not nice, with Yvette in the same room. Yvette – go and put the closed sign up, there's a good girl. And pull the blinds down while you're there. We seem to have a problem on our hands."

Now, although our girls are not what you might call fresh, they've never been known for their ability to let an opportunity slide by. The problem facing Janice was whether or not to let Yvette in on the deal. If she didn't, chances were Yvette would tell Paul, the proprietor – and that would never do: "Come on, Yvette, you'd better come and give me a hand." "A hand? Is that all I get to give?"

"I've been away at sea for three months, girls – and here I am, three hours on dry land, enjoying the best cock-suck I've ever had in my life!" "Well count yourself lucky, Sailor, 'cos this is a sex shop, not a bleedin' brothel. It just so happens I fancy you." "Me too!" said Yvette taking a mouthful of cock while Janice paused to catch her breath.

THE CASSETT

"Your cunts are as juicy and squishy as a couple of over-ripe pears." Bob observed, slipping three fingers of both hands knuckle-deep into Janice and Yvette's ready-for-anything pussies. And already a battle was developing as to who'd get to have Boh away first. Janice was keen, without a doubt. And to prove her point, she wriggled backwards towards Bob's crotch, taking all this dsogling cock into her mouth in ooe greedy gobble... The party was hotting-up.

After a few minutes of frantic fingering aod sucking, The Sailor pauses for breath, and to study Janice's cunt at closer range: "I've laid in my bunk at sea, night after night after frustrating nigbt, dreaming of having something as pretty as this to play with. And here I am with two of 'em!"

Now turn to page 49 for Part 2 of Sex Shop Spree For Three, in which our randy trio's sex play goes from hot to stark raving blue!

SEX SHOP SPREE FOR THREE

Part 2.
Feel Free, You Three!

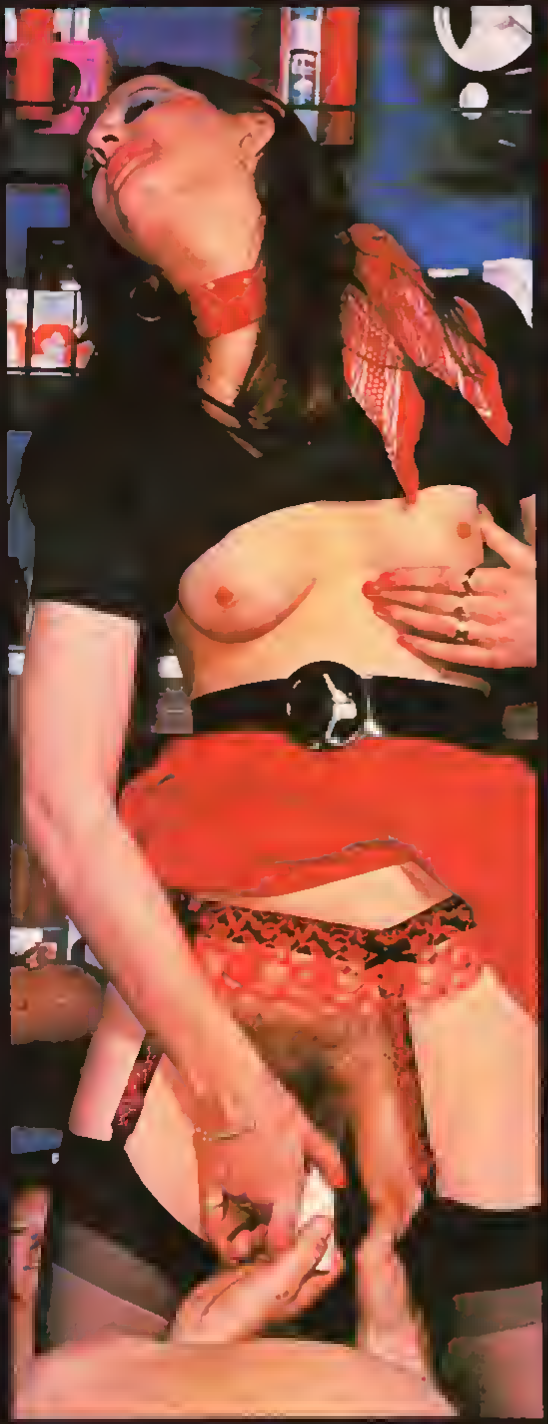
OK, so it's the prettiest pussy he's ever seen, the one he's been dreaming of all those long nights alone at sea. But what about poor Yvette? She's getting so desperate, feeling so neglected, that she's got no choice but to play with herself. Come on, team, this is supposed to be a threesome!

But of course there's no question of Yvette being ignored for much longer. With Bob's cock still deep in her mouth, Janice looks round and winks, reassuringly, while Bob, unaware of the complicity between the two girls, steps up the finger action...

In the true Scandinavian blue film tradition, Yvette "helps" Bob to gain proper access to Janice's gaping love-box by pulling the cheeks of her arse wide. She also finds time to put her tongue deep into Janice's mouth. "Mmmmm," ponders Janice, "I knew we were good friends, but this confirms those nagging doubts I've always had about Yvette. But what the hell – it feels nice!"

Inside Lind

Now turn to page 57 for the Grande Finale of the dynamic "Sex Shop Spree for Three".



Now it's Yvette's turn for some red-hot sex action, and she gleefully straddles The Sailor's burgeoning penis. The Sailor, incidentally, is a happy man: lying as he is, he finds himself rewarded with the most scintillating view of Janice's pussy. Reaching behind him, he takes a vibrator from the shelf and, flicking it on, thrusts it up, between Janice's labia. Looks like things are getting kinky, here in the sex shop!

And as the seconds and minutes flash by, the orgasms get closer…

CHARLOTTE

If any girl deserves a screen test it is Charlotte. As our eager readers can see from these pictures, she not only has that innocent little girl look which so many male cinemagoers adore, but she has a delightful figure to accompany it.

As it happens, Whitehouse editor Mary Millington was at the studio when Charlotte was being "shot", and she was enthusiastic over the way Charlotte handled herself in front of the camera – she moves with an animal grace and at all times seems to anticipate the instructions of the photographer: "Swing your hits to the right... Keep your hottom where it is, Charlotte," hut Charlotte seems to have read his mind: she is already there.

And, speaking of hottoms, Charlotte must have one of the best in the husiness. Although she is a joy to work with as regards posing for the still camera, she has a fiery disposition and a quick temper. The photographer who has been on the end of one of her tongue lashings must be smarting from it for days afterwards.

If Charlotte could be "discovered" it must be a racing certainty that she would find her way into films – then the ass with class would be there fnr all to see.

Yvette gets hers – well and truly – whilst Janice lies beneath, sucking voraciously on her breasts. Fantasies are made of this, are they not?

She's a big girl, is Yvette, which isn't tn say that her divine love-slit is any less tight than the slender Janice. And as Bob continues tn thrust his nine inches deep towards her womb, he has to fight with himself to prevent his come spurting forth. Indeed, nne can fully appreciate his wanting to savour every last moment of this kinkiest of kinky threesomes.

"I'm coming!" Yvette whimpers, and Janice leans fnrward tn kiss her gently nn the lips, as Bob's hot seed starts to cascade intn her.

Out it shoots: three months nf frustration manifesting itself in warm, wet, white jets of jissom, each spurt coinciding to a millionth of a second with the waves of ecstasy that mark Yvette's equally intense orgasm. Janice? Dnn't worry about Janice! She's a very quick comer – and has secretly savoured comes since this session began: the first with Boh's fingers inside her; the second, when Bob's tongue fnund its way into her vagina; the third, when Bnh thrust his vibro into her... So why shouldn't Yvette have some nf the action? Everybody's happy!

LIVE at the CARESSE

In the final part of this incredibly popular Whitehouse series, we look at three star attractions – Numba the superstud, Tina "the schoolgirl" and the Grand Finale. For the benefit of readers who are new to this section, we should explain that the Caresse is Holland's newest tourist attraction, which opened recently in Amsterdam. Called The Caresse, the club features the elite of European live sex performers. The owner, Karl Kalenbach, spent six months before opening, touring other European clubs to recruit new and talented performers.

Here, then, is hard sex, performed with lighting and staging normally only found in the top Paris nightclubs or in Las Vegas. Every aspect of the club's design is tastefully executed; the decor is opulent and the acts are presented as stars. Here, then, is this month's first attraction:

NUMBA, SUPERSTUD

1. Numba is Algerian, which provides the excuse to dress him up as a Sultan!

2. Numba was chosen for the job because of his extraordinary penis dimensions. He measures an incredible sixteen inches when erect! (Look out for a photo-session devoted to Numba in Whitehouse 32).

3. Numba's penis is so massive that Peta – the Dutch girl seen with him here – can only take half of it. A thick rubber tie-band prevents Numba going beyond danger level...

TINA, PROFESSIONAL "SCHOOLGIRL"

4. Another all-time favourite act at The Caresse, Tina, an Austrian beauty rumoured to be nearer seventeen years than her alleged thirteen! Mimics to utter perfection the coy, girlish stances and mannerisms of a juvenile.

5. But her thick, curly pubic hair and prominent labia make one doubt just how young Tina in fact is...

6. Naughty girl, playing with herself in front of all those tourists!

7. The gang's all here. With a bang, in fact. You've never seen so much sucking and fucking in a public place ever! Yes, a trip to Amsterdam these days is to experience the ultimate in sexual excess: especially if you make for The Caresse!

8. The same old problem: to do what with which to whom!

Whitehouse Stage-by-Stage Guide To Sex

by Gilbert Oakley, D.Psy.

PART SIX

Intercourse and the larger-than-average Penis

Penis-pride and penile dimensions are major complexes with many men! They are persuaded that penile size is important in lovemaking and more especially so in actual intercourse. Penis size to the male means as much as breast size means to the female. The penis is, undoubtedly, the visible projection of masculinity and the breasts are the visible projections of femininity. Men can see right away if a girl appears to have large, medium or small breasts. A girl cannot, however, see if a youth or man has a small, medium or large penis! A man can more or less take his pick as to breast size whereas a girl has to chance her luck!

Whereas men are very interested and fascinated, in fact, by the dimensions and the pliability and the moveability of a girl's breasts, girls are not effected by any details of that nature in regard to the male penis. This is due to the fact that the male penis just is not on show in the way in which the female breasts are constantly on show. Quite often a male erection is seen under his trousers or jeans but this is a rare event. Adolescent youths wear tight trousers and more particularly, jeans – in order to display the undoubted contours of their genitals. Under such circumstances, girls can assess size in terms of limpness, at least. In regency days, young bloods and dandys would wear cod-pieces – (G-strings, in effect) under their trousers, more often than not stuffed so that a large contour was produced with which to fascinate females of all ages.

Of course, a girls breasts, substantial upon inspection while she is clothed, can collapse sadly when she disrobes! And, once they are revealed to a man, that is the end of it. They will not swell up to look like they looked under her well-padded bra! But a man, happily, looking small and neat under his trousers, can, upon stripping, rise up to most unexpected proportions!

A man has no need to be frightened of a girl's unduly large breasts but many a girl is considerably scared at the sight of a prospective lover's penis once it begins to erect. Young wives – seeing their new husband's genitals for the very first time can be appalled at the dimensions and proportions assumed when full erection has been achieved.

Average penis size is six-and-a-half inches to seven inches. By about two inches in girth, but some men do better than this. Lengths can and do go up to even eight or nine inches with proportionate girths. It by no means indicates more virility or greater potency for a man to possess a very large erect penis. Any more than the man with a small penis in erection is less virile – less potent – less masculine.

Sensible girls and women are not appalled – nor frightened at the sight of an over-large penis. They realise, as sensible females should realise – that the elastic properties of the vagina are considerable – bearing in mind the fact that babies are born down and through the vagina with natural ease. There should, therefore, be no problem in receiving an extra large penis in intercourse.

A normal vagina in a healthy girl can distend and lengthen and stretch comfortably to accommodate a large penis in just the same way in which it stretches and enlarges to accommodate an average-sized or smaller penis – still retaining a tight grip on and round it. In a first-ever intercourse encounter, a girl will expect her man to be careful and loving and gentle. Assuming her not to be a virgin – her vagina should easily and readily adapt to a large penis but it is wholly desirable that her male lover exercises care when inserting into her for the very first time.

The coloured shots Number One, Two, Three, Four and Five show a very sensible and logical way of overcoming the first-ever penetration of the vagina by an over-sized penis. The girl assumes the dominant position rather than being dominated by the man for, in that position, she is able gradually to lower herself down over the penis and to be able to dictate and to control the penetration of her vagina by slowly sinking down on it. In addition, the man, by holding his penis guides it up into the girl. Her natural lubrications will enable her to sink gently down – enveloping as much of the penis as she can to her comfort.

After this woman-dominating position has been adopted and used a few times, the girl will be ready and willing to receive the penis in the face-to-face position which is shown in Shot Number Six. It is advisable that she brings her legs and her thighs well back either to her breasts or over her man's shoulders. In such an easy, rolled-back position – she can accept him in face-to-face intercourse with no pain or discomfort to herself.

A male is usually endowed with a long or a short penis when he is being formed in his mother's womb and so it is and so it will be for the remainder of his life. No creams or unctions or potions or powders or vacuum devices will enlarge the dimensions decided upon before he was born. A vacuum glass 'developer' will certainly make an erect penis look longer and be larger while it is being vacuum-stretched inside the sealed tube but, once the vacuum is broken and the penis is removed from the tube – the penis will assume its correct proportions once again. Vacuum developers do most certainly enlarge the penis (while inside the tube) but that is all. Constant daily use of the tube might eventually stretch the outside skin of the penis so that it can accommodate more engorged blood when in erection – but this is extremely doubtful. Nature can rarely be defeated!

Girl assuming dominant position in order to easily control vaginal acceptance of an above-average sized penis. The man slowly and gently guides his penis into the girl.

CONCLUSION

Remember: Intercourse right away – before a girl is prepared for it physically and emotionally is a form of rape.

Remember: Mutual masturbation between couples in love and self-masturbation while a partner looks on is normal, natural, heterosexual procedure to prepare the way for final happy and fulfilling intercourse.

Remember: Oral lovemaking is a natural instinct in the male and in the female. It is as old as is sex itself. Fellatio and cunnilingus are expression of love between two people that illustrate humility and surrender as well as deep affection and regard.

Remember: Hygiene is essential as a prelude to Oral Lovemaking. Many irritations and ill-conditions of the vagina can be avoided by the observance of the simple rules of soap and water explained in this Guide.

Remember: Exaggerated and impossibly athletic and potentially harmful coital positions should never be indulged in. The human body, both male and female, has its limitations. Unfortunate muscular ill-conditions could follow-on unreasonable coital positions culled from books written and illustrated with little to no regard for commonsense or practicability.

Remember: Venereal diseases can be a long-term killer. Suspected symptoms should be investigated immediately. Today – no shame attaches to a visit to a VD clinic. The shame is in NOT going for a second generation of children could be born of parents suffering from VD who had not realised it – or suspecting it, had done nothing about it.

Remember: Sex is a fun thing. And it is even more fun when it is accompanied by genuine love, regard and affection and is tempered with gentleness and consideration.

Remember: Sex is approached in easy stages, from the first experimental kiss to the final triumph of intercourse.

Andree

Though only claiming slender experience as a photographic model, Andree soon displayed an exuberant, impish personality during the photosession which has us all wondering. Newcomers to modelling are often a little overawed by the lads in the crew, the equipment (particularly the lights) and the sense of occasion. But not Andree. No sooner had the bouncy little blonde arrived at the set than she was making friends with everyone, chatting furiously to anyone who had time to listen and she even played a couple of practical jokes which diverted us all, indeed, all the writer had to do was turn on his tape recorder to obtain this short biography – Andree did the rest!

She's 22, has a curly head of fine, light blonde hair, measures a bouncy 36-23-36 and is a cuddly five feet nothing in her dainty stockinged feet. A professional model for only six months at the time these pictures were taken, Andree has formerly been a dental receptionist, a children's nurse, a clerk in a cinema, a casino croupiere and a trainee stewardess on board ship. Indeed, though determined to resign as soon as the ship docked after a horrific bout of seasickness on her first voyage, it was a chance meeting with a passenger who turned out to be a keen amateur cameraman which led to Andree's modelling career.

"I hadn't realised I could be a model because I'm so small," explained Andree, "otherwise I'd probably have taken it up earlier. It's a soft job I think, and I don't really care what other models say about it being hard work. You just sit around and smile when you're told to

and you get paid! That's it! Where's all the hard work supposed to be? If I wasn't the talkative sort I could go nuts with boredom!"

After she'd dropped an ice cube down the junior's trousers, Andree then turned her attentions to the property girl's skin zipper, secretly undoing this whilst it's owner was otherwise occupied. The result was that when the girl got up from tending some drapes to walk across the studio floor, her skirt shot down round her ankles, tripped the props girl up and down she came, dragging half her carefully set tableau with her. We hadn't the heart to scold Andree but someone asked her if she played practical jokes on her boyfriends.

"Oh, all the time," Andree admitted, "but more in the way of getting them excited than to give us both a laugh I suppose. I find that most guys like a bit of sexual interference when they're least expecting it – like in public! I suppose this gives some guys the worst possible impression about me but most guys, whether friends or strangers, seem to appreciate the efforts you make! A hand down an opened fly during the boring bits at the pictures is great fun for instance but you can really only do it once a night, the shock and the thrill of the unexpected intrusion just isn't there if the intrusion is expected!

I've only ever tried that one with lads I know of course though I once fondled the bottom of a boy I didn't know from Adam at a parade once. I was on holiday up North and it was carnival day, lots of floats going past. One of them had all the local beauty queens aboard in their one-pieces and there was a joke 'Beauty King' amongst them, all muscles and his swimming trunks bulging. That made me feel a bit frisky and as I was on my own I had a look around. And just in front of me there was this lad of about 18, small and blonde and curly and cuddly and oh, ever so nice he looked – with the cutest, roundest and most squeezable bottom you ever saw in your whole life.

So I started having a feel, didn't I! Just a cautious touch at first, then a prod, then I put a hand on... I ended up feeling his gorgeous tight little buns all over with the flats of my hands. He looked round just once to make bloody sure I was a woman I suppose! I winked at him, the corners of his mouth twitched but then he looked away and left me to get on with it. I think there was another half hour of parade after that, I was in raptures... bet he was, too!

My sexiest trick of all, when I know I've got a boyfriend coming round who hasn't had sex before, is to answer the door holding my panties in my hands. Gets 'em going, see? And then I sit down and keep crossing and uncrossing my legs, get up and bend over into the goodies cupboard. Later, it doesn't matter when they discover I was wearing knickers all the time, it's the thought that counts, see?!"

Perhaps so, Andree, and now that we see your pictures you mustn't blame us for having certain thoughts of our own!

Whitehouse Film Review

WE REVIEW THE FILM OF THE YEAR –

COME PLAY WITH ME

This month we are pleased tn bring you pictures nf some of the people in the New Film COME PLAY WITH ME, the new X certificate Adult Comedy film. The film is notnrinus for its cnntroversiai and expilcit sex scenes. Here's the details nn the film (for film fans).

COME PLAY WITH ME
(cert X)
Director – George Harrison Marks
Producer – David Sullivan
Starring – (Girls) Mary Millington, Suzy Mandel, Pat Astley, Anna Bergman, Nicola Austin and Sue Longhurst

COME PLAY WITH ME is George Harrison Marks' first major feature for ten years. In the late 1950s and early 1960s George produced three box office smashes, as well as establishing himself as Britain's leading glamour photographer NOW HE RETURNS WITH A BLOCKBUSTER – ***COME PLAY WITH ME.***

The film is now showing at the Classic Moulin, Great Windmill Street, London W1.

Come Play With Me is a unique combination of sex and comedy. It brings together the finest comedy team since the early *Carry On* films. BUT it is an X certificate SEX film Quite obviously the top comedy names do not appear in the sex scenes – this is left to the twenty or so 'Sexy Nurses' who include Mary Millington and Suzy Mandel (who appears regularly on the Benny Hill Show). In one scene all the girls strip off for an 'orgy rave-up' sequence, which takes place at the swimming pool at the Health Farm they work at, Bovington Manor.

The plot of the film revolves around a team of out-of-work strippers, who between jobs move into Bovington Manor (a straight Health Farm run by Lady Bovington, who is the auntie of the manager of the strip-tease dancers). Business is bad at Bovington Manor, but when the girls decide to take over – providing a few 'extra' services – things take off! The real humour of the film revolves around the fact that Lady Bovington and the villagers (including the Vicar) are unaware of the naughty goings on! AND the real sex scenes are provided by the biggest collection of really attractive girls ever brought together in one film.

We really liked this film and strongly suggest you give it a try – take a trip to the Classic Moulin where it's showing NOW. This cinema is right in the heart of Soho, just two minutes from Piccadilly Circus. Alternatively, ask your local cinema manager when he will be showing it! This film is without doubt the strongest and funniest film ever made in Britain

Obviously since censorship still exists in Britain COME PLAY WITH ME is not a full porn film BUT it's as strong as anything you're likely to see in any X film BUT what makes it better than any other film is that it's such a superb film **THE GIRLS** are the most attractive bunch we have ever seen in any film – over 40 of them!

THE STORY – the film has a good story, it's NOT just a pile of disconnected nude scenes

THE HUMOUR – 'Coroe

Play With Me' is a very funny film.

THE PROFESSIONALISM – this is a really high standard film – the colour is superb.

IT'S BRITISH – so many sex films are censored Germao rubbish with all the talking being either 'dubbed' or even worse SUBTITLED – hut 'Come Play Witb Me' is ALL BRITISH

THIS IS WHY WE FEEL THAT 'COME PLAY WITH ME' IS THE BEST FILM MADE IN BRITAIN.

We as a magazine urge you to see this film. WE GUARANTEE that seeing this film will be a really enjoyable experience. If you see no other film this year SEE 'COME PLAY WITH ME' – and TAKE YOUR wife or girlfriend with you, since the sort of eroticism and humour in this film WILL APPEAL to BOTH Men and Women alike. If you live in London or the South East of England we urge you to go AS SOON AS POSSIBLE (since there is no telling how long this film will run for) to the NEW MOULIN, Gt. Windmill St., Soho, where the film is showing seven days a week – continuous performances, no booking necessary, first show 11.00am, last show is the late night show starting at 11.00pm. The admission price is just £2

PLEASE NOTE:
WHILST THE MODELS HAVE PARTS IN "COME PLAY WITH ME' THESE STILLS ARE NOT FROM THE FILM.

and admission is immediate (there is no membership delay or charges for membership etc). So make the effort to see this film in London – it'll be the best £2 you ever spend! Alternatively, you may be lucky enough to see this film in your local cinema (whilst it's NOT going on general release it will be shown in certain selected cinemas).

The stills illustrating this article are not from the film, but feature people who appear in the film.

READERS ADS

This highly popular reader participatioo sectioo continues this month with model Julie Limerstoo posing with the "Mann" in ber life. The suggestioo came from reader Ian Barraclough of Ealing (shame on you, young man) who claims he "simply can't get enough" of this fabulous brew.' Furthermore, he claims an average nightly consumption of eleveo pints, which is going it some, in any Manns language!

P.S. To our lady readers: if you're interested in savouring the delights of this "fabulous brew", may we suggest you drink it in the conventional fashion only, and not like Julie here...!

Earlier in the session, Julie "milked" a few drops into a cup, but our photographer was unable to capture the exact moment.

Can't a girl even take a drink without you reading sex into it?

IMPORTANT—READERS PLEASE NOTE

These pictures are published for their humorous value only. We do oot suggest you use these really excellent products for these 'alternative' purposes, but we hope you enjoy looking at these pics (they make the mind boggle don't they?). Whitehouse tries to put humour into sex!

Doo't forget, any product you'd like to see 'sent up in the inimitable Whitehouse style (i.e. lacking subtlety and in the grossest bad taste), simply write, enclosing your suggestion, to: Whitehouse Readers Ads, 34 Upton Lane, London E.7.

"Cor! What a swiz! She's been in Whitehouse before!"

Twice before, as a matter of fact. And if you consider it a swiz that we're running yet another picture of Dandy that's because literally hundreds of readers have written to us all raving over Dandy and in some cases begging us to feature her again. Just for the record, Dandy makes a cameo appearance in Mary Millington's movie Come Play With Me, which is now showing at the Moulin Complex, Gt. Windmill St., Soho And Dandy on the silver screen is nothing short of breathtaking, let me assure you. Whew!
